

THE BAND

The dino age has passed – what is hip now is Stone Age! The three grey eminences of the Chur band «Jojo and the Dinosaurs» have successfully completed a rejuvenation process. Reinvigorating their inner teens, they revel with fresh power. Ted Ling, keyboards; Mario Giovanoli, bass & brass and Rico Wiget *on* drums, give it their all – and the warm sensual voice of lead singer Natalia Salamin melts even the ice age away. Every week, they gather in their rehearsal cave, elaborating on new self-penned compositions or keeping the mammoth song legends of pop, rock, jazz and blues alive.
